

### PURPOSE

*You can't be what you can't see.* Board Certified PAs are critical to improving the public's health and access to care. This goal requires fostering a diverse and inclusive PA workforce. From 2017-2021, the profession's racial and ethnic diversity remained relatively consistent<sup>1</sup>; but it's not reflective of the US population and the patients served by the profession. This nccPA Health Foundation® seed grant challenges PAs and PA students to design and execute activities that promote diversity, equity, and inclusion in the profession to expand PA education and practice pipelines. Funding supports volunteer efforts to raise awareness of the PA profession among racial and ethnic minorities, LGBTQ+ populations, low socioeconomic populations, and other underrepresented communities; mentor, encourage, and equip youths and others interested in the profession; and offer opportunities for shadowing, immersion experiences, learning health care skills, etc.

Board Certified PAs, PA organizations (educational programs or constituent organizations), and PA students may apply. Applications are considered as received and awarded based on merit in amounts up to \$2,500 until all funds are expended.

### BACKGROUND AND PRIORITY

The [nccPA Health Foundation](#) is a 501(c)3 charitable nonprofit and a supporting organization to the National Commission on Certification of Physician Assistants (NCCPA), the only national certifying body for more than 168,000 PAs in the US. The Health Foundation seeks to advance the role of Certified PAs to improve health through grants and other programs that address mental and behavioral health, oral health, professional practice, health disparities, DEI, and equitable care. The Health Foundation's values are to benefit patients, promote the PA profession, foster partnerships, support equitable care, and use research and education for informed decision-making. Grant applicants should demonstrate how their proposal aligns with the Health Foundation's mission and values. The Health Foundation gives priority to **new** projects that seek to

- Raise awareness of the PA profession among underrepresented populations
- Create awareness of implicit bias and foster cultural humility
- Expand the PA profession's pipeline
- Promote PA leadership development
- Promote innovation and inclusion in professional outreach

### ELIGIBILITY

The principal applicant should be a **Board Certified PA** (clinically practicing or PA faculty) or **PA student** (working with PA faculty at an ARC-PA accredited PA program). Co-applicants may be interprofessional partners or PAs who hold the PA-C Emeritus designation. Funds are generally disbursed to the organization sponsoring the project. Individuals coordinating activities are welcome to apply and may be asked to provide additional documentation.

## APPLICATION, BUDGET, AND SUBMISSION PROCESS

All materials should be the applicants' original work and should be submitted together via email to [Grants@nccPAHealthFoundation.net](mailto:Grants@nccPAHealthFoundation.net). Successful proposals will include the following:

1. Grant proposal (3 pages maximum)
2. Budget with justification (1 page maximum)
3. CV for principal grant applicant
4. Completed and signed *Grant Proposal Support Form*
5. Completed and signed [W-9](#) for the organization that will hold the funds

The grant proposal is limited to 3 single-spaced pages at size 12 font and must include the following sections with headings:

- **Grant overview.** (top of first page):
  - Project title and application submission date
  - Applicant names and contact information (email and telephone)
  - Abstract describing the program (not to exceed 250 words)
- **Statement of the problem / opportunity.** What is the problem you would like to address? This should include relevant statistics, information on the community/population to be reached, or other data/literature that supports the necessity of the proposed program. Referenced information should include citations; no specific citation format required.
- **Outreach activity or innovation.** What is your objective? How does the project address the problem/opportunity? ***If applying to expand an existing outreach,*** the proposal must document current outcomes and how the project will provide additional value.
- **Methodology.** What activities will you implement to accomplish your objective: What exactly will you do, when will you do it, who will you partner with (individuals/organizations)? Will participants receive any training for the project? Have you considered potential implicit biases<sup>2</sup> related to the community/population to be reached/served? Have you ensured activities are tied to the budget? Have you documented how partnerships will help you achieve your health care/education outcomes?
- **Anticipated Outcomes.** How will you determine if you are successful? What do you expect to happen for community members and participating PAs, students, or partners? Estimate number(s) of PAs, students, community members to be engaged.
- **Dissemination Plan.** How will you share your work as a model with the PA profession (i.e., conference poster/presentation, article, etc.)? With your organization? Through local/other channels? Please acknowledge the nccPA Health Foundation when disseminating your work.
- **Timeline.** Projects should generally be completed within twelve (12) months of receiving funds and should include an estimated timeframe for each activity.
- **Brief Personal Statement.** Describe how this project advances your personal goal(s) and commitment to fostering a diverse and inclusive PA workforce.

<sup>2</sup>For more on implicit bias, consider Harvard's [Project Implicit](#) and its Implicit Association Tests.

The budget should describe expenses, unit and total costs, and rationale/justification. Customize the sample template at right.

- Funding provided for:
  - Supplies/outreach expenses
  - Production of patient- or provider-education materials
  - Other expenses may be considered based on project goals, justification, and alignment with the Health Foundation’s mission.
  - *Exclusions:* No overhead or indirect costs (e.g., faculty/PA salary or stipends; travel to project site, etc.) can be supported by the grant.
- In-kind support is encouraged but not required.
- Additional funding, including in-kind support, requested or received should be noted in a separate column to ensure clarity regarding what expenses will be supported by grants funds.

<i>Sample budget template. Please also indicate any additional funding sources or in-kind support.</i>					

The Grant Proposal Support Form provides verification of organizational support for the project as proposed. The organizational representative should be in a position of authority and will be the individual the Health Foundation should contact if the applicant cannot be reached.

## REVIEW PROCESS

Proposals will be considered as received until all funds are expended. An initial review will provide formative feedback to applicants, if needed, before proposals are advanced to the grant review team. The review process takes approximately four (4) to six (6) weeks from receipt of the final electronic proposal. Please allow time for the review process when submitting your proposal. The Health Foundation may request additional information before making funding decisions.

## CRITERIA

Applicants are encouraged to consider the Health Foundation’s mission, goals, and values when designing their proposals. Proposals will be evaluated on the criteria that follow; ***please demonstrate how your project meets these criteria.***

- **Clarity of plan:** Have you described all aspects of the project?
- **Potential to foster diversity, equity, and inclusion in the PA profession:** Have you described your anticipated impact and how you will determine if you are successful?
- **Potential to impact PAs and other providers:** Have you described the impact on those who will participate with you? Have you considered the role of implicit bias? Is the project experience transferrable to other PAs/providers via your dissemination plan?
- **Potential to impact community reached:** Have you described any immediate and long-term community impact and how you will assess that impact?
- **Realistic scope, potential for successful execution:** Have you been thoughtful about potential obstacles/opportunities/partnerships?
- **Replicability:** Have you considered the future of your project, including uses for any remaining supplies? Have you considered how others might follow your example?

## PROGRESS AND PROJECT DISSEMINATION

Grant recipients must provide a **Final Grant Report** within 30 days of the project completion. The report should not exceed five (5) pages and should document the project outcomes, impact, and plans to replicate or extend the activity. Digital photos, with appropriate permissions for use, are highly encouraged. See Final Project Report guidelines for more information.

In addition, grant recipients agree to the following:

- Acknowledge that their work was made possible by the nccPA Health Foundation in all public announcements, social media postings, presentations/publications of their work. (Find and tag the nccPA Health Foundation for posts on [Facebook](#), [Twitter](#), [Instagram](#), and [LinkedIn](#).)
- Authorize the nccPA Health Foundation to use the applicant's name(s), photo(s), organization name, organization logo, application, and all reports, inclusive of any photos, for sharing innovative strategies.

# PA's STEP Up Grant Final Grant Report Guidelines

Grantees are required to submit a Final Grant Report **within 30 days** of the program's completion. The report's purpose is to showcase the project's impact and to allow results to be aggregated to describe the impact of the Health Foundation's PA's STEP Up program. The written report should address the following points in no more than five (5) pages. Presentations, photos (with permission to use), or videos featuring photos, reflections, etc., are encouraged and may be attached.

### Project information

- Title, location(s), and date(s).
- Describe outreach activities.
- Describe preparation that students, faculty, and clinicians received prior to the outreach.
- Identify major successes, difficulties, or unexpected outcomes. (Note: This effort is meant to identify lessons learned to support future outreach.)
- Describe the project's impact on the provider community.
- Describe the project's impact on participating community members.
- Describe the project's impact on educational and practice pipelines.
- Describe partnerships resulting from the project.
- Describe plans to sustain this project, including plans for remaining supplies or funds.

### Engagement

Please replicate and complete the following table. *Reflections from participating PAs, PA students, and community members are encouraged.*

How many participating ...	#	Additional description/reflections
• PAs/PA faculty		
• PA students		
• Other health professions clinicians		<i>Include disciplines.</i>
• Other health professions students		<i>Include disciplines.</i>
• Community members/patients		<i>Include ways in which community members were directly/indirectly impacted.</i>
Estimate total number of volunteer hours for project planning/execution		

**Publicity/Exposure:** Please provide copies of all associated presentations, posters, or articles.

- How were the results of the project disseminated to the PA profession? To the community?

Please submit your Final Grant Report and all attachments electronically to the nccPA Health Foundation at [Grants@nccPAHealthFoundation.net](mailto:Grants@nccPAHealthFoundation.net).

Thank you for your commitment to advancing the role of Certified PAs to improve health.
