

Oral Health Community Outreach

Grant Guidelines

PURPOSE

Oral health is health. The nccPA Health Foundation¹ offers this seed grant for outreach activities that equip Board Certified PAs and PA students with oral health competencies. This program seeks to advance oral health awareness, prevention, and treatment. Applicants are encouraged to consider the oral health needs of all populations.

PAs, PA students, and PA organizations (educational programs or constituent organizations), may apply. Applications are considered as received and awarded based on merit in amounts up to \$3,500 until all funds are expended.

To get started, explore resources available from the Arcora Foundation's [Cavity Free Kids](#), Colgate's [Bright Smiles, Bright Futures](#), Crest-Oral B's [Patient Education Resources](#), or the CDC's [Oral Health resources/tips for children](#).

- Reach underserved populations
- Promote PA leadership development
- Promote innovation in patient education and care delivery
- Foster medical/dental /interprofessional collaboration

ELIGIBILITY

The principal applicant should be a **NCCPA Board Certified PA in good standing** (clinically practicing or PA faculty) or **PA student** (working with PA faculty at an ARC-PA accredited PA program). Co-applicants may be interprofessional partners or PAs who hold the PA-C Emeritus designation.

Funds are generally disbursed to the organization sponsoring the project, and it is the applicant's responsibility to confirm eligibility to receive any awarded funds in line with the grant's purpose and goals, their organization's policies, and applicable local or state laws and regulations. Individuals coordinating activities are welcome to apply and may be asked to provide additional documentation.

Current grantees may not apply for another Health Foundation grant for a new project until the first grant is completed, nor may applicants apply concurrently for more than one Health Foundation grant for the same project.
